--------------	--------------------------

All Shelbourne Reynolds header transporters are classified as agricultural "trailers".  
 Brakes and lights are a legal requirement when using on public roads.  
 All Shelbourne Reynolds header transporters are available with brakes and lights as either standard or optional fitment. It is the dealer's responsibility to ensure that the customer is informed of these available options and their legal requirements when ordering. Shelbourne Reynolds will not be liable for any loss or damage incurred whilst using a header transporter without brakes or lights on public roads.
